RECEIVED

[1963] SUPPLEMENT LIST

JAN 17 1963

New and Rare Plants are included that have not been offered before.

ILEX OPACA: American Holly

"DR. S. EDWIN MULLER"

Wonderful form, upright in near fastigate type, with thick branching growth. Leaves perfectly spined, a rich dark green.

The profusion of bright red berries are visible all over the tree, and are a fine large size. Parent plant is only about 9 ft. wide, yet is 25 ft. high. This Exceptionally fine American Holly is limited in number of plants now ready for sale.

4" pot plants 2 yr. grafts - \$3.00 ea.

Cercis canadensis, var. "WITHERS PINK CHARM"

A handsome clear, true pink red-bud.

Found by D. D. Withers in the Mts. at Mt. Solon Virginia 20 years ago. This beautiful small tree is now available in limited quantity.

18-24"	\$ 4.00
24-30"	5.00
30-36"	6.00
3-4 ft.	8.00
4-5 ft.	10.00
5-6 ft.	12.50
Extra heavy branched twice transplanted.	
3-4 ft. B & B	12.00
4-5 ft. B & B	15.00

Prunus "HALLY JOLIVETTE"

Charming new flowering cherry that produces great quantities of dainty pale pink blossoms, semi-double, in spring. A small tree, or can be grown in large specimen shrub form, with many twiggy branches of lovely grace. Truly one of the finest of new introductions.

2-3 ft.	\$ 5.00
3-4 ft.	7.50
4-5 ft.	9.00
5-6 ft.	12.50
6-7 ft.	15.00
7-8 ft.	18.00

A NEW BOXWOOD; Buxus semp. "VARDAR VALLEY"

An extremely hardy Boxwood of unusual form; When the plant reaches near 4 ft. wide, with a fairly uniform top, the height is only about 2 ft. high. This Buxus has been tested through winters as low as -20 degrees below zero, and with no injury. Foliage is glossy, dark green. An introduction of the Arnold Arboretum, and a most Worthy Boxwood. Available spring 1958.

Malus "MARY POTTER" (Flowering Crab)

Pure white flowers of fine form densely crowded over the entire small tree in spring, and the brilliant small red fruits hang in clusters in fall. As a specimen out in open space it is near unequalled for its' beauty in spring and fall.

3-4 ft.	\$ 5.00
4-5 ft.	6.00
5-6 ft.	8.00
6-7 ft.	10.00

Cornus florida, var. "PYRAMIDAL"

Fine fastigate form of the well known American white Dogwood. A good form of Dogwood especially where space for width is limited. A fine tree for lawn specimen and where accent is needed.

(Stock limited)

15-18"	\$ 3.00
18-24"	4.00
3-4 ft.	10.00
4-5 ft.	12.50

Disanthus Cercidifolia

A remarkable small tree, or large shrub attaining height and width up to 15 ft. Large heart-shaped leaves change from dark green to rich vinous-red, with touches of gold, in fall creating a remarkable vivid autumnal coloring. Flowers are red, but very small, and blossoms in December.

18-24"	\$ 3.00
24-30"	4.00
30-36"	5.00
36-42"	6.00

Few larger plants available, but entire stock is limited.

Stewartia pseudo-camellia.

Small tree to about 18 ft. of upright narrow habit. Very showy large white camellia-like flowers, cup-shaped, appear in July. The bright green leaves turn orange to scarlet in fall. A very fine unusual small tree.

3-4 ft.	\$ 4.00
4-5 ft.	5.00
5-6 ft.	6.00
6-7 ft.	7.00
7-8 ft.	8.50
8-10 ft.	12.50
10-12 ft.	15.00

Acer saccharum "MONUMENTALE"

Newton Sentry Maple.

Tree of rarity and great beauty. The very narrow upright form, it's monument of rich green during summer and it's impressive rich autumn color of golden-red makes this tree one of the handsomest.

3-4 ft.	\$ 7.50
4-5 ft.	10.00
5-6 ft.	12.50
6-7 ft.	15.00
7-8 ft.	20.00
8-10 ft.	22.50
10-12 ft.	25.00

Acer rubrum "COLUMNARE"

Rare columnar form of the well known red maple. Beautiful in spring when new growth starts, a rich green during summer, and in fall the leaves turn bronze to red. Very handsome.

18-24"	\$ 2.50
24-30"	3.50
